

FUSION POWERED Professional Duplication Systems

FUSION 8DVD

The Fusion MV 8DVD is designed for high volume DVD or CD duplication tasks. This system is for pure duplication tasks and does not support a printer.

Fusion 852 Features Include:

- 900 Disc Capacity
- 8 - DVD-R Drives/48x CD-R
- Auto Detect Format
- Direct Disc Copying
- 80GB Hard Drive (Upgradable)
- Proven Reliable Robotics
- Standalone or PC Based

Professional Grade Duplication System

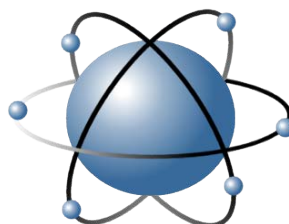

The Fusion 8DVD is an advanced extremely affordable duplication system. It is designed with a small footprint and will fit into any office environment.

The use of advanced stepping motors and highly efficient and reliable robotics gives the system a smooth and quiet operation.

The Fusion is perfect for on-demand publishing applications that can operate in one-of-many production modes. With the reliable electronics and robotics, this is truly a hands off system. You can set it to run your specific application, and then leave it alone only to return when the application is completed.

Our trained and experienced sales staff can help you choose the correct system for your specific needs.

Give us a call today and let us help you achieve your production goals!
