

FUSION POWERED Professional Printing Systems

FUSION 250P

The Fusion 250P is designed for high volume printing tasks. It can be integrated with either a Thermal or Ink Jet printer and is networkable.

Fusion 250P Features Include:

- 250 Disc Capacity
- 80GB Hard Drive (Upgradable)
- Proven Reliable Robotics
- Standalone or PC Based
- 1 Year Warranty
- No Limit Phone Support

Professional Grade Disc Printing System

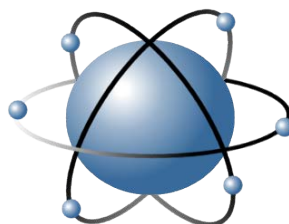

The Fusion 250P is an advanced extremely affordable printing system. It is designed with a small footprint and will fit into any office environment.

The use of advanced stepping motors and highly efficient and reliable robotics gives the system a smooth and quiet operation.

The Fusion is perfect for on-demand printing applications that can operate in one-of-many production modes. With the reliable electronics and robotics, this is truly a hands off system. You can set it to run your specific application, and then leave it alone only to return when the application is completed.

Our trained and experienced sales staff can help you choose the correct system for your specific needs.

Give us a call today and let us help you achieve your production goals!
