Asynchronous recording makes your smaller masters fly through the DVD recorders. Fast loading IMPACT Robotics are simple, reliable and effective. Keypad interface to the industry's best feature set is clear and easy to manipulate. Store your images on 40GB of hard drive space. Timely firmware upgrades are easy to implement through one of the recorders.

Multi-tasking DVD duplication processor is an application-specific device designed and built only for CD-R & DVD duplication. This powerful engine enables instant boot-up and seamless operation while copying up DVD's or CD's unattended! Our full year warranty (including recorders!) and a 30 day money back guarantee make owning an IMPACT system a risk-free venture.
