*The Ultimate CD/DVD Publishing Solution*

## NEXIS PRO™

Introducing the Nexis 100 Pro CD/DVD Publisher from XLNT Idea, Inc. Creating a new standard in desktop media publishing. Designed for a variety of applications, the Nexis 100AP features dual disc recorders, higher capacity ink cartridges, sleek modern design, small desktop footprint, and very user friendly software.

Non-proprietary consumables used in the system provide a low cost of ownership and can be purchased at virtually any office products store at a dramatically reduced cost. In addition, the unit provides up to 100 disc capacity and supports all standard ink jet printable media types, including Watershield, Waterguard, waterproof and smearproof CD/DVD media.

Includes XLNT Idea's exclusive software. **DiscStudio** a powerful full featured graphics software allowing any user to create professional quality vibrant full color disc labels. **DiscDirect** our easy to use disc burning and printing software and allows you to burn directly onto discs in a variety of formats to easily achieve truly professional output. Contact an XLNT Idea Representative today for details...!!
